The training and Placement cell got approval for conducting Online coding training program for 2 days for 2 batches of 2017-21 batch students with a budget of Rs.12,000/- per day per batch (Total Rs. 48,000/-). But due to Covid-19 outbreak we could organise only one day training for 1 batch of students. Experts from MANIFOLD, Thrissur are willing to take the classes in online mode (no restriction in the number of students) with a budget of Rs. 75,000/- for 30 hours. Interested students with laptop/desktop and internet facility can attend the training.

I am attaching herewith the details of all training programs conducted for 2017 - 21 batch students.

I humbly request you to grant permission for conducting the Online coding training program.

The Principal

For consideration as the number of beneficiaries
can go up to ~~250~~ 250. One online
coding training will be helpful for the students
to get placement.

The Director

Approved. Students may be instructed to register
for the programme. Once registered, they
should appear attend the classes without
fail.

Subject: Proposal for IT Company Placement -Technical Training Programme

We are hereby submitting our proposal for IT Company Placement – Technical Training Programme – for the students of Thejus Engineering College. The details are given below.

About MANIFOLD:

Manifold is a leading GATE Coaching and Placement Training institute set up by IIT-NIT alumni each with over a decade of experience in preparing students for various technical aptitude based competitive exams such as GATE, UPSC, PSU recruitment, Campus Placements etc. We have developed various technical programmes aimed at training students to enhance their employability.

In the last 10 years we have trained over 10,000 students in GATE and various other technical competitive exams which is being conducted by State and Central Governments.

Students from almost all the engineering colleges in Kerala got benefit out of these programs. We could train and send over 500 students to various IITs and NITs for pursuing their M. Tech in the last decade and almost all of them got excellent Campus Placements.

IT Company Placement -Technical Training Programme

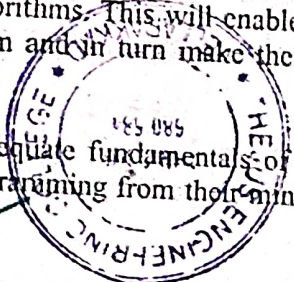

Top companies such as Infosys, Accenture, TCS, Wipro, CTS, Capgemini etc. recruit thousands of fresh engineers every year and are using rigorous selection processes to shortlist suitable candidates from the large pool of applicants. The selection process includes Aptitude Tests, Online Coding Tests, Group Discussions, Technical Interviews etc. Nowadays companies are increasingly emphasizing on programming skills along with strong technical aptitude skills. Keeping this in mind, Manifold offers a couple of unique training programmes which primarily focuses on Computer Science Core Subjects and improving Programming Skills of any student.

Programming Logic Building using Python & C++ [Course Overview]

Programming Logic Building using Python & C++ course will focus mainly on the student's Basic Programming Skill Development which is inevitable for getting placed in IT companies now a days.

For addressing this, experts in Manifold have designed and uploaded an unique set of 100+ programming problems in *Hackerrank* and is arranged in the increasing order of complexity of the problems. These problems will be solved by the students with the guidance of our expert trainer who is having thorough knowledge in the Programming skills, Data Structures and Algorithms. This will enable the students to think and find the best available solution for the given problem and in turn make them an intelligent programmer.

All the students undergoing this training will be taught the adequate fundamentals of Python & C++ languages in such a way that they can overcome the fear of programming from their minds and clear the Programming Test easily.
